

6 RAR Association Reunion 4TH – 7th June 2010

Accommodation Choices

It is strongly recommended you book early to ensure your accommodation is secured. June is extremely busy in Brisbane so first in best dressed with block bookings arranged for the association with Hotels etc. It was noted there may be substantial savings to members for bookings made over the internet, even better than our quotes. So if you can access bookings in this way it **may** be quite a saving.

The accommodation canvassed is only a suggestion. It is up to each person/couple/group to secure bookings. In all cases other than internet bookings, mention that these were rates quoted for the 6 RAR Association Reunion. All prices are guaranteed unless stipulated. If staying for 7 days or more ask if special weekly rates are available.
